

PACK MULE TOWABLE CARTS TOWABLE PALLET JACK

WHY CHOOSE PACK MULE?

PACK MULE's Towable Pallet Jack gives this decades old tool a well-needed upgrade. Designed to reduce forklift usage and promote safety in horizontal movement, now the heaviest of pallet-loads can be relocated with ease.

STANDARD FEATURES

- Maximize usable pallet space
- Universal spring-compensating tow bar
- Towable with any tugger
- Seamless movement of pallets across distances.
- Reduces strain on personnel and increases productivity.
- Makes moving pallets safer for operators.
- Sealed bearings for low rolling resistance and longer life

We've been helping manufacturers and distributors move materials horizontally for more than 60 years, and we've learned what customers need to get the job done. That's the reason we build PACK MULE to a higher standard—and that's why we encourage you to test them in your facility, doing your work.

SPECIFICATIONS

GROSS PALLET WEIGHT	2000 LB*
VEHICLE TOW SPEED	3 MPH MAX
PALLET SIZE	48" x 40" RECOMMENDED

Additional sizes and capacities available.

The maximum payload rating is for optimal operating conditions. Factors such as tow speed, floor level and inclines may reduce this rating. Tow responsibly.
